

QX50

INFINITI

EMPOWER THE DRIVE

TO GO BEYOND

For those who dare to define themselves beyond the usual measures, there's INFINITI – an experience that challenges the limits of what's possible. See this take shape on the all-new INFINITI QX50, where design is elevated to an aspirational aesthetic and innovative technology empowers you to do more than you thought possible. Begin by crafting your QX50 for your personal journey. Every selection is designed around you, and your drive to go beyond.

START WITH A BLANK CANVAS It's the only way to create something that the world has never seen – a 5-door crossover that embodies the perfect balance of dynamism and purpose. A new clamshell hood design wraps over the fenders. The large wheel-to-body ratio translates into daring proportions, while eye-inspired I-LED headlights in the Sensory version speak to the future through a series of unique cube shapes.

REFUSE TO COMPROMISE The biggest revolution in the internal combustion engine since its inception, the INFINITI Variable Compression Turbo is the world's first production engine that continuously transforms to optimize both power and efficiency. The multi-link system flexes to lower the compression ratio when more power is needed and relaxes to raise the compression ratio when greater fuel efficiency is desired.

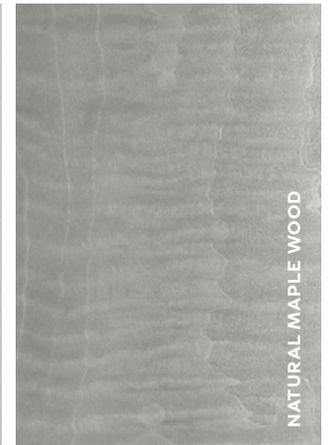

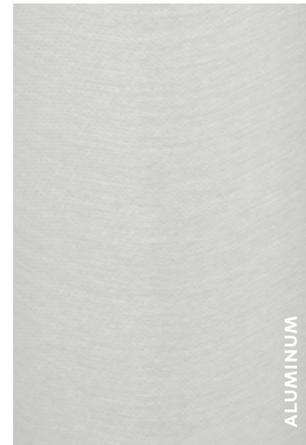

ADD DISTINCTION

INTERIOR COLORS

INTERIOR TRIM

INFINITI has taken care to ensure that the color swatches presented here are the closest possible representations of actual vehicle colors. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colors at INFINITI Hong Kong.

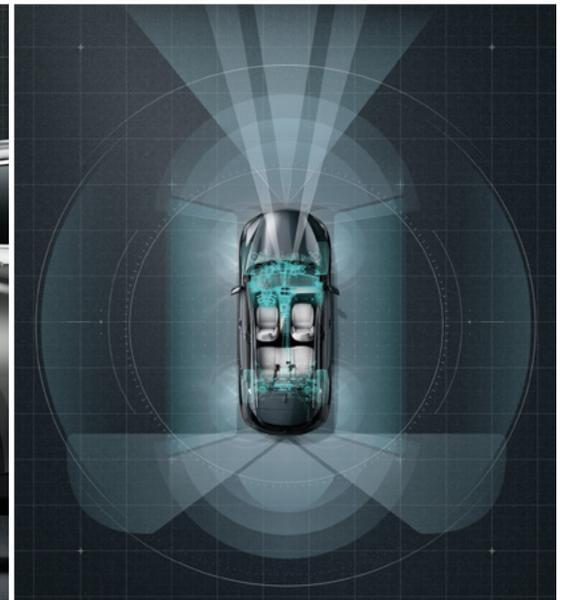

ENHANCE YOUR CAPABILITIES

How will your QX50 come to life? Start with a modern flexible interior that offers premium materials. Command the road with ease during traffic and long drives. Select advanced technologies that help empower you to do more, mile after mile.

SHOW YOUR SIGNATURE Express your unique outlook with an interior as modern as you are. Then illuminate the mood with interior ambient lighting in the Sensory version that highlights the asymmetrical dash, console, door panels and footwells in soft amber.

ADAPT TO ANYTHING Whatever comes your way, know that you are ready. Sliding second-row seats move fore and aft almost 6 inches to enhance leg room. Most child strollers, on the other hand, effortlessly fit lengthwise with the seats upright. A Motion Activated Liftgate automatically opens with a swing of your foot under the rear bumper for hands-free access.

SEE EVERY SIDE Gain a new perspective on what's around you. With the Around View® Monitor with Moving Object Detection and Front and Rear Sonar System, it's easier to see and maneuver in even the tightest spaces. Four cameras and one virtual 360° view from above elevate your parking expertise, alerting you when a moving object is detected close by.

DESIGNED TO PERFORM

Distinctive proportions and Powerful Elegance design language set the QX50 apart. A sense of human artistry is clear with quality materials and signature INFINITI design cues: the double-arch grille, clamshell hood, crescent-cut D-pillar, "human-eye" headlights and corresponding taillights.

ADVANCED HUMAN ARTISTRY

The QX50's interior design articulates a sense of advanced human artistry. The cabin's hand-crafted feel is achieved by employing Japanese approaches to the treatment of materials. This creates a tailored appearance and ambience inside the car.

WHEEL CHOICES

19 X 7.5-INCH SILVER-PAINTED ALUMINUM-ALLOY WHEELS

20 X 8.5-INCH DARK-PAINTED ALUMINUM-ALLOY WHEELS
