We are like you. We push ourselves beyond our comfort zone. While others might be content with making better machines, we are driven to go beyond—to design cars that push human potential. We build technology to enhance your senses, striking design that demands a response and performance that makes you feel more alive. Prepare to experience the road as it was intended.

INFINITI

EMPOWER THE DRIVE

Empower the drive with performance. We gave it daring curves and a powerful stance. The exhilarating performance of a twin-turbocharged\(^1\) 400-horsepower V6 engine. And the unmatched responsiveness of the world’s first digitally adaptive handling system\(^1\) Q60. Redefine the drive.
ATHLETIC STANCE: Large 19-inch alloy wheels make your intentions known. The Q60 is meant to perform.

IMPRESSION AMPLIFIED: INFINITI signature cues express a unique design language. The double-arch grille reflects a bridge where the arc of the top mirrors the arc of the bottom. Eye-inspired LED headlights give a provocative stare, while the crescent-shaped C-pillar curves forward, punctuating the exterior with dynamic detail.

LOW PROFILE: The dynamic proportions make a purpose-built statement: Low enough to hug the ground. Wide enough to deliver impressive stability.

AERODYNAMIC ADVANTAGE: A 0.28 coefficient of drag says as much time has been spent making this sports coupe invisible to the wind as it is striking to the eye. This is evident with zero-lift aerodynamics in the front and rear, and an Active Grille Shutter that stays closed to lower drag at speed but opens if additional cooling is needed.

DEEP DRAMATIC CREASES: Using a revolutionary 3-D stamping process that allows for aggressive creases and deep curves, the high character lines capture your imagination. Engineers even redesigned the door hinges so the leading edge tucks into the fender to provide dramatic sculpting.

EVERY LINE SHAPES AN EMOTION: Our philosophy—and the future of INFINITI design—takes stunning shape on the all-new Q60. Emotion is boundless. So is daring design.
VISUAL REWARD: With Fine Vision electroluminescent gauges, see how quickly the needle moves under any lighting condition. The contrast delivers information clearly, helping to improve visibility at a glance.

FLEXIBLE DOORSTOP: Every time you get in, you’ll appreciate the thoughtfulness of the segment-exclusive flexible doorstop. Designed to stay open between set positions on level surfaces, you can easily enter and exit without worrying about the door springing back on you.

SPORT SEAT DESIGN: Crafted to blend comfort with science, the all-new driver’s seat performs on a higher design level. Feel the sport-inspired difference. Deep bolsters help hold you in place. Zero gravity research led to a form and cushioning seat design that can help reduce fatigue on long drives.

TAILORED AND ACCENTED: Craftsmanship is obvious in the laser-cut holes, which permit tighter stitching and more dynamic free-flowing shapes. Around the center console and throughout the interior, an available Silver Optic Fiber trim offers an upscale modern look.

NATURAL GRIP: Your hands move in unique ways and a steering wheel should reflect that. This one does. Sport-inspired thumb grips and paddle shifters are just the right shape for performance driving.

A BODY OF ART CRAFTED EXPRESSLY FOR YOU

Tailored to accentuate the human form, the cabin celebrates the driver with bold thinking and fine modern materials.
ACCELERATE YOUR POTENTIAL AND PERFORMANCE

This is power through innovation, where the forces of advanced technology blow past limits. Four turbo engines, including a first-ever INFINITI twin-turbo, culminate in jaw-dropping performance.

ENGINEERING

CLOSER THRILLS

All paddle shifters are not positioned equally. In the all-new Q60, paddle shifters are steering wheel-mounted instead of column-mounted for easy reach during aggressive cornering.

ALL-NEW 3.0-LITER V6 TWIN-TURBO 400-HP ENGINE

With the new V6 twin-turbo, torque builds quickly and power pours out like an endless flood. Acceleration is instant and feels limitless. Direct Injection Gasoline (DIG), water-cooled air charging, a turbo speed sensor and advanced turbine blade design make for quicker response and a higher peak.

2.0-LITER I4 TURBOCHARGED ENGINE

Feel the rush of a turbo. Experience the fuel economy of a four-cylinder. With optimal power and efficiency, you glide forward confidently. The turbo spools quickly to produce 208 hp at 5,500 rpm and outputs a stirring 350nm of torque.

RED SPORT 400

The Red "S" badge represents the highest level of performance and power in its lineup. In the Q60 Red Sport 400, that means a 3.0L V6 twin-turbo 400-hp engine.

SIGN OF PERFORMANCE

At INFINITI, performance is more than delivering a heightened driving experience. We believe it should unleash a more dynamic driver in you. And now, a shared passion can be boldly displayed by the letter S. Whether it is more intense power, tuning or design, the INFINITI Sport models represent something special.

STEER WITH ENHANCED PRECISION When you turn the wheel, Direct Adaptive Steering not only translates your input, it converts your intention into an electronic impulse. Since your steering is digitally processed, you get the response you want. Smooth. Quick. Precise. Every movement is a reaction to your command, tuned for a more natural connection.

AMPLIFY EVERY MOVE DIGITALLY Unleash the full-performance potential of the all-new Q60 and yourself—with the world’s first pairing of digital steering and suspension.

FIRST DIGITALLY ADAPTIVE HANDLING SYSTEM A performance car is engaging. An INFINITI is empowering. In the all-new Q60, you amplify your capabilities with a true 21st century handling system.

HANDLE WITH INSTANT ADAPTABILITY The all-new Q60 recalibrates the balance between comfort and performance into something revolutionary. Change from comfort-biased to dynamic ride with the push of a button and release a highly personal and responsive experience. Without you doing a thing, Dynamic Digital Suspension continually adjusts to corners and road imperfections for lasting confidence.

CHOOSE YOUR DRIVE With up to 336 customizable driver settings, the INFINITI Drive Mode Selector takes performance and control to a more refined level. Select between Standard, Snow, ECO, Sport, Sport+ and Personal modes. Then, further tailor your drive by tuning steering, engine and suspension inputs. The result is one that suits the moment, and more importantly, can be personalized exactly to your liking. Expand your experience beyond road conditions and preset factory settings.

MORE WAYS TO CARVE A TURN

Personalize your performance with a range of choices for steering and suspension. Grasp your freedom. Drive unconstrained, fully immersed in every moment.1

1 DIRECT ADAPTIVE STEERING®

Today, the future is in your hands and it’s moving fast. At 1,000 adjustments a second, Direct Adaptive Steering® constantly fine-tunes your steering performance. Easy maneuverability at low speeds. Spirited driving on winding mountain roads. The system operates by digitally transmitting your steering input to the wheels for a smoother and quicker response. Unwanted vibrations are filtered out. Fewer steering corrections are required, giving you a strong feeling of confidence and ease.1

2 HYDRAULIC ELECTRIC POWER STEERING

The everyday ease of vehicle speed-sensitive steering comes standard with the Q60 2.0t model. Steering effort decreases when squeezing into a parking spot or negotiating tight quarters at lower speeds.

2 SUSPENSION SYSTEMS

1 DYNAMIC DIGITAL SUSPENSION (DDS)

You are the driver. Let the all-new Dynamic Digital Suspension (DDS) adapt to you. Enjoy a smooth ride when you want it, or a more agile response when you demand it. New adaptive dampers change the focus based on your Drive Mode Selector choice. Switching between modes is instantaneous. So is the ability of DDS to constantly monitor chassis vitals like body roll, pitch and bounce rate. This is driver-centric performance for the digital age.1

2 STANDARD SUSPENSION

With a double wishbone front and an independent multi-link rear suspension, you’ll enjoy a smooth level ride. Handle every twist and turn with aplomb, thanks to shock absorbers that deliver a direct, linear feel with less road noise and vibrations. From now on, you are part of a dynamic team, where every S-curve belongs to you—and the all-new Q60.

REAR-WHEEL DRIVE

To enthusiasts, nothing matches the flat-out joy of a rear-wheel drive car.
CONNECTIVITY

IN TOUCH WITH YOUR CONNECTED WORLD

INFINITI InTouch™ makes your world flow. Your life is always moving, and INFINITI InTouch™ with Navigation and INFINITI InTouch™ Services seamlessly bring your world into your car. Stay ahead and in contact with voice, text, calendar, navigation and music.1,3

A PREMIUM CONNECTION Every time you get into the all-new Q60, experience a seamless connection with technology that responds like the technology you hold in your hand. Connecting your smartphone to INFINITI InTouch™ with Navigation and INFINITI InTouch™ Services brings your world into your car. Hear text messages read to you. Listen to your playlist. Navigate unfamiliar streets or call your friends. The system even remembers your personal driving preferences.

EMPOWER YOUR TOUCH The INFINITI Controller puts simple, intuitive control of your technology systems at your fingertips. It allows you to interact via the inputs most intuitive to you—turning ring, touch-screen, input buttons, and even steering wheel controls—responding to you rather than you adjusting to it.

ADJUSTS TO YOU INFINITI InTouch™ delivers an intuitive experience right from your driver’s seat in the manner that best suits you. You can interact with the state-of-the-art system however you find easiest. The top screen can be operated by touch, steering wheel switches or the INFINITI Controller; it is primarily used for driving information and navigation. The bottom screen can be operated by touch and lets you manage the infotainment systems, such as audio and climate control.

BLUETOOTH® STREAMING AUDIO Turn your Bluetooth®-enabled smartphone into a source of music, and listen to your top playlists over the all-new Q60’s audio system.1,5

HANDS-FREE VERSATILITY With the INFINITI Bluetooth® Hands-free Phone System,1,5 you can make and receive wireless calls using voice recognition. No fumbling. No need for a headset. Just press a button on the steering wheel.
A NEW STAGE FOR A NEW SOUND

Hear it here first. The new Bose® Performance Series makes its worldwide debut on the all-new Q60. Enjoy concert-like sound that envelops you, transforming the cabin into a dynamic listening experience.¹

ACTIVE NOISE CANCELLATION: Minimize unwanted road noise and create an optimal listening environment with Active Noise Cancellation. The technology works by neutralizing distracting sounds with an acoustically opposite signal. The quieter the cabin, the better the music and conversation.¹

ACOUSTIC GLASS: Create serenity all around you. Thin sound-absorbing material between the glass layers significantly reduces noise, delivering a more personal driving experience.

THE LATEST FROM BOSE®: For those who demand a performance-focused sound system, the new Bose® Performance Series with Advanced Staging Technology delivers. Thirteen high-performance speakers, including multiple new 10" and 6 x 9" woofers and a lightweight silk dome tweeter achieve "live performance" precision. Revel in a wider and more precise soundstage, where the acoustics are always ideal.¹

PROPRIETARY DIGITAL SIGNAL PROCESSING: A recent Bose® innovation, Advanced Staging Technology utilizes advanced algorithms to dynamically direct music to their ideal locations within the cabin. Instruments and vocals have exceptional clarity. So from the driver’s seat, you feel as if you’re sitting in the front row at a concert.¹

IMPROVED AUDIO PERFORMANCE: Immerse yourself in an exhilarating sound experience. AudioPilot® 2.0 Noise Compensation Technology constantly monitors outside sounds and adjusts the music accordingly while Centerpoint® 2.0 Surround Technology allows you to enjoy surround sound from CDs, MP3 CDs and satellite radio.¹
EFFORTLESSLY EXTEND YOUR ABILITIES

CRUISE SMARTER
Set your desired speed and distance and Intelligent Cruise Control (Full-Speed Range) can automatically adjust your speed in slowing traffic. When traffic speeds resume, Intelligent Cruise Control can bring you back up to your preset speed and distance.

RESPOND FASTER
High Beam Assist automatically dims your high beams as oncoming vehicles approach, then turns them back on when traffic clears.

SEE FARther
The Adaptive Front lighting System (AFS) improves visibility at intersections and around curves by sensing your steering and turning the headlights. Together with LED auto-leveling headlights, AFS helps you see not just ahead, but around as well.

STEER EASIER
Working with Direct Adaptive Steering, Active Lane Control evaluates the road ahead and can automatically make small steering angle corrections due to uneven road surfaces or crosswinds.

VIEW CLEARER
Gain a new perspective on what’s around you. With the Around View Monitor with Moving Object Detection, four cameras and one virtual 360° view from above makes it easy to see and maneuver in even the tightest spaces. Peek around corners with confidence, thanks to a rear front camera that looks out to the side with a sweeping near-180° view.
SAFETY

EFFORTLESSLY EXTEND YOUR AWARENESS

A unique combination of active and passive safety innovations enhance your ability to respond instinctively.

A SHIELD OF PROTECTION

The INFINITI Safety Shield® concept—our comprehensive approach to safety—layers technologies to help monitor conditions, help you avoid a collision and help protect you and your passengers if one occurs.

BRAKING CONFIDENTLY

The all-new Q60 braking system responds automatically to changing conditions with 4-wheel Anti-lock Braking System (ABS) and Electronic Brake force Distribution (EBD).

STRONGER AND LIGHTER

Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

ENHANCED PROTECTION

Based on the severity of the crash and seat belt usage, the INFINITI Advanced Air Bag System adjusts inflation in the dual-stage front supplemental air bags. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags with rollover sensor.
