Q30

EMPOWER THE DRIVE

We are like you. We push ourselves beyond our comfort zone. While others might be content with making better machines, we are driven to go beyond — to design cars that push human potential. We build technology to enhance your senses, striking design that demands a response and performance that makes you feel more alive. Prepare to experience the road as it was intended.

INFINITI Q30

Empower the drive with style. This is art in motion. Expression and purpose as one. An all-new premium compact optimised for the urban landscape and those who define it. Utilising signature adaptive LED headlamps to own the night - Sport and S Premium models only. A dramatic stance to rule the streets. And an interior dressed in wood grain and contrasted stitched leather to complete the package - S Design model only. Q30. Dare to stand out.

YOU. OUT IN FRONT. DEFINING A NEW STYLE

The city is your stage. The Q30 puts you in the spotlight—with a stance that rises above the rest and with dramatic lines that are as expressive as you are.

ELEVATED STANCE No other 5-door compact is as sleek and sporty with a seating position that gives you the height to stand out. The unique black lacquer trim around the wheels and lower side sills emphasise its unique stance. The ideal height provides a clearer view over traffic while making it easier to enter and exit the O3O.

UNDENIABLY INFINITI The top arc of the grille mirrors the arc of the bottom to form INFINITI's signature double-arch grille. The crescent-shaped C-Pillar arcs forward from the rear window as if in perpetual motion. The Q30 displays INFINITI's DNA in every curve, front to rear.

19-INCH SPORT WHEELS Specially designed to integrate with the athletic ride height of the Q3O Sport, the dark finish shows off its aggressive styling. Lightweight to enhance performance, they are standard on the Q3O Sport.

SIGNATURE LED LIGHTING Inspired by the human eye, the trademark INFINITI light shape can be seen from both the front and the side. It is echoed in the tail lamps for a definitive character from every angle.

THE NEW FEEL OF NONCONFORMITY

On every surface inside, you'll find high-quality softness from the same premium materials found on your favourite luxury goods.

SUEDE-LIKE SOFTNESS Developed in Italy by the high – fashion industry for use on surfaces you touch often — like the lining in purses and shoes — this non-solvent, recycled material imparts a suede-like feel to the front pillars and headliner.

TESTED TOUCH We tested with hundreds of people around the world to find a texture that was most pleasing to the fingertip, then exclusively created Sofilez to match it. Wherever the feel is important and durability is critical you'll find it, like on the armrests.

NAPPA LEATHER This genuine leather is selected for its exceptional, clothing-quality softness. And we use it beyond the seating surfaces, such as the dash - S Premium model only.

STAY CONNECTED WITH YOUR WORLD

Your life is always moving, and the INFINITI Q30 seamlessly brings your world into your car. Stay ahead and in contact with voice, navigation, and music.

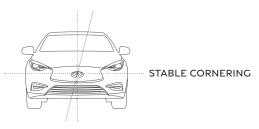

A PREMIUM CONNECTION Every time you get into your vehicle, connect with technology that responds like the technology you hold in your hand. Connecting your smartphone to your INFINITI brings your world into your car. Listen to your playlist. Navigate unfamiliar streets or call your friends. The system even remembers your personal driving preferences.

ADJUSTS TO YOU Once your smartphone is connected, you can interact with the state-of-the-art system however you find easiest – through the 7-inch colour touchscreen, INFINITI Controller or voice command.

QUICK RESPONSES FOR THE URBAN STREETS

Obstacles and opportunities come up fast in the city. The Q30 empowers you to respond with finely tuned handling that's as agile as it is smooth.

SHARPNESS WITH SMOOTHNESS Sporty yet forgiving, you can feel the attention paid to tuning the Q30 shock absorbers. They hold the Q30 tight and stable as you take turns while softening rough pavement and cobblestone, for a rare balance of responsive handling with a smooth ride. Engineers even reduced suspension noise so it sounds smooth.

FINE-TUNED STEERING The Q30 was made to thrive in the fast-paced thrust and parry of urban driving. A little turn of the wheel results in a big response with little effort, so it's always easy.

SPORT SUSPENSION In the Q30 Sport 2.0 Turbo, reflexes are sharpened and the look is more aggressive, thanks to a lower and firmer suspension. It is paired with cross-drilled front discs that help with air ventilation for impressive stopping performance.

SEAT DESIGN You connect to your Q30 through the steering wheel and your seat. The driver seat's design is based on zero gravity research to provide maximum spinal support and reduce the pressure on muscles, so it supports you where you need it while also reducing fatigue on long drives.

EVERY SENSE IS HEIGHTENED AND QUICKENED

From the feel of acceleration to the song of the engine, we've amplified the experience of power and sound motion in the Q30.

DUAL CLUTCH TRANSMISSION Shift delays are now an artifact of history. With one clutch for even gears and another for odd, the next gear is already pre-selected. The result is smooth gear changes you'll interpret as pure, clean power.

SHARP SHIFTING Paddle shifters on the steering wheel of the Q30 Sport and S Premium, give you fingertip control over gear selection. The speedy shifting of the Dual Clutch Transmission feels even faster when you never take your hands from the wheel to change gears.

A CONTINUOUS RUSH Acceleration Swell is our vision of power. By precisely tuning the engine to unleash torque over a broader rev range, the force you feel seems to increase the faster you go, making Swell feel like a limitless rush.

DRIVE MODE SELECTOR Adjust your driving experience to fit the moment. Whether you want efficiency, smoothness or sportiness, select Manual, ECO or Sport mode to fine-tune your performance to your needs.

*Fuel consumption figures are based on ADR 81/02 tests and factory information. These figures are provided to assist you in comparing the fuel consumption of the Q30 with other vehicles. The actual fuel consumption will depend on many factors, including your driving habits, the prevailing conditions and your vehicle's equipment, condition and use.

CONVENIENCE

EASY TO PARK FROM ANY ANGLE

No other vehicle offers its combination of awareness innovations and parking assistance technologies. It's engineering that intuitively extends your ability to manoeuvre in and around tight spaces.

SEE EVERY SIDE Gain a new perspective on what's around you. With the Around View® Monitor with Moving Object Detection and Front and Rear Sonar System on the Q30 S Premium model, four cameras and one virtual 360° view from above make it easy to see and manoeuvre in even the tightest spaces.

MOVING OBJECT DETECTION The four cameras not only give you an unprecedented view, they keep watch as well. An audible alert is given when a stationary or moving object is detected behind you or close by, and the appropriate camera is highlighted to show you which side - S Premium model only.

INTELLIGENT PARK ASSIST Using a combination of 12 sensors, this system will determine if the parking area is large enough. Simply engage the gear shift, press a button to confirm, and operate the accelerator and brake pedal. The Q30 S Premium will park itself safely – in parallel or reversing-in parking spots.

INNOVATIVE TECHNOLOGY HELPS YOU SEE AND AVOID

A unique combination of active and passive safety innovations enhance your ability to respond instinctively.

HELPING STAY IN CONTROL Vehicle Dynamic Control (VDC) compares actual vehicle cornering to the driver's input. If the system senses oversteer or understeer, VDC adjusts engine power and applies appropriate braking to individual wheels to help correct the problem and keep the Q30 on the intended path.

BETTER DIRECTIONAL STABILITY WHILE STOPPING Electronic Brake force Distribution adjusts the amount of pressure applied to the front and rear wheels to improve braking performance and reduce front-end dive.

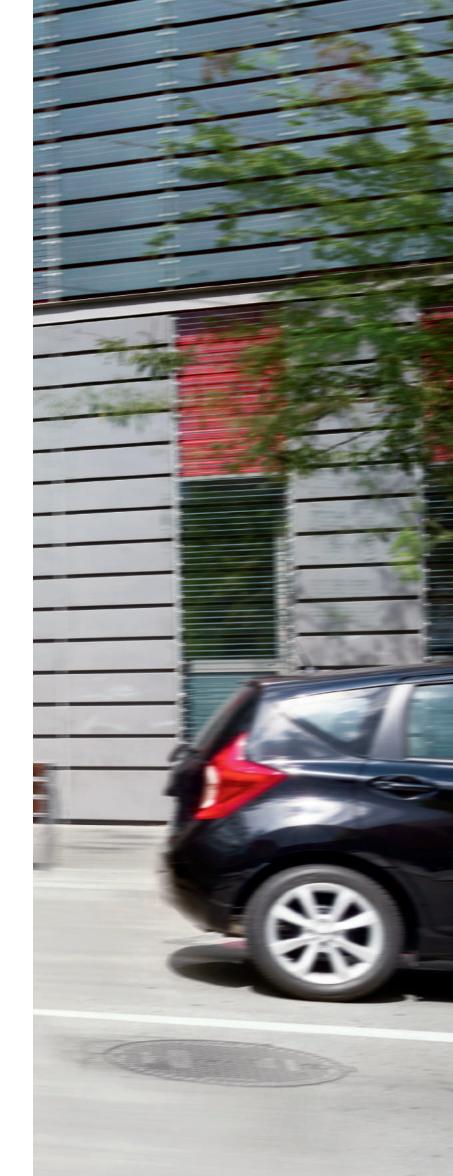

SENSES WHERE YOU CAN'T SEE The Blind Spot Warning System – S Premium model only – uses sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane and helps you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane, a warning sounds.

ENHANCED PROTECTION Based on the severity of the crash and seat belt usage, the INFINITI Advanced Air Bag System adjusts inflation in the dual-stage front supplemental air bags. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags with rollover sensor.

STRONGER AND LIGHTER High-and ultra high-strength steel is used in critical areas, such as the roof pillars, floor and roof crossmembers, door beams and various reinforcements to enhance your safety in case of a collision.

REDUCING FORCE In the event of a collision, advanced front and rear crumple zones deform gradually to help absorb the energy of the impact before it reaches the passenger cabin.

Standard - Available

	Q30 1.6T GT	Q30 2.0T SPORT	Q30 2.0T S PREMIUM
Zone Body construction with reinforced passenger compartment and front and rear crumple zones			
ISOFIX with tethers helps simplify proper installation of compatible child restraint seats			
Child restraint seat tether anchors			
Anti-theft alarm system with interior motion sensor and tow-away protection			
Electronic vehicle immobiliser			
Automatic hazard warning signal			
Energy-absorbing steering column			
Central locking with interior switch and crash sensor			
Anti-lock Braking System (ABS) safety system designed to maintain tractive contact with the road while preventing the brakes from locking up and avoiding loss of control			
Electronic Brake force Distribution (EBD) Electronic Brake force Distribution adjusts the amount of brake force applied to the front and rear wheels for improved braking performance. The system also detects vehicle-load conditions, and distributes additional brake pressure to the rear brakes as needed		•	
Advanced Vehicle Dynamic Control (VDC) with Traction Control System (TCS). VDC helps correct oversteer or understeer by applying brake pressure to individual wheels and adjusting the engine's power output. TCS helps enhance grip when accelerating by sensing wheelspin and automatically reducing engine output and/or braking the spinning wheel	·		
Tyre Pressure Monitoring System (TPMS) provides specific information for each tyre and low pressure warning			
Blind Spot Warning (BSW) helps alert the driver to a vehicle detected in the blind spot area			
Forward Collision Warning (FCW) This active safety feature senses the relative velocity and distance of the vehicle in front of the one you are following. If the Q30 detects a potential risk, it provides an audible and visual alert			
Forward Emergency Braking (FEB)			
Lane Departure Warning (LDW)			
Pop-up engine bonnet			
Cruise control with speed limiter			
Intelligent Cruise Control (ICC) (Full-Speed Range) with speed limiter			
Intelligent Brake Assist (IBA) with distance control (metres)			
Electronic Stability Program (ESP)			
Intelligent Park Assist (IPA)			
Traffic Sign Recognition (TSR)			
Rear parking sensors			
Security			
Remote keyless entry system with door handle touch selective unlocking of driver's door or all doors			
Glove box with light			1
Vehicle Security System (VSS) with INFINITI Vehicle Immobilizer System			
vehicle Security System (vSS) with the first vehicle millionizer System		•	
DIMENSIONS			
Exterior			
Coefficient of drag	0.31	0.31	0.31
Overall length (mm)	4,425	4,425	4,425
Overall width (mm)	1,805	1,805	1,805
Overall height (mm)	1,495	1,475	1,475
Wheelbase (mm)	2,700	2,700	2,700
Weight and Capacity			
Boot Capacity (L)	430	430	430
Kerb weight (kg)	1,468	1,488	1,508
Fuel capacity (L)	50	50	50
Estimated Fuel Economy (L/100km) Combined*	6.0	6.3	6.3
Towing capacity maximum - Braked (kg)	1,400	1,500	1,500
Towing capacity maximum - Unbraked (kg)	730	730	730

Specifications, features, equipment and colours shown in this brochure are subject to change without notice or obligation.*Fuel consumption figures are based on ADR 81/02 tests and factory information. These figures are provided to assist you in comparing the fuel consumption of the Q30 with other vehicles. The actual fuel consumption will depend on many factors, including your driving habits, the prevailing conditions and your vehicle's equipment, condition and use.
